With the approval of the Police Services Board, the Chief will prepare a draft reserve policy request that will be incorporated in to the Town Reserve Policy and presented as one encompassing document for approval. He will bring the SSPS

reserve policy draft to a future Police Service Board meeting for approval. The current active motion from the January 18th 2023 open meeting (Resolution #5) stated:

"That the SSPS Board establish a General Operating Reserve fund. And further, that the cap for the police services reserve fund be set at \$250,000 (and). And further, that the percentage be transferred to a reserve account, which would be set at 100% until the time the cap is met and zero present as long as the cap is maintained. And this reserve fund would be crated from the SSPS operating budget"
